To scan groups and forums,

This forum called Nibonemars has been hot holding links. They are a porn site that also host tons of newsletters by us, scan groups without permission. They, even of "unintentionally" profit from GUC hard work. They do not use links that they upload themselves, but links from other forums such as The Evil Empire Scan groups work hard to maintain servers for FREE, which means that that forum **SHOULD NOT** make money from the hard work of others just so they can keep their own forum alive. The administrator there says "I get my stuff linked too, from my porn site, hosting and scans, i don't go around telling 100 boards to take my stuff down actually i let them do it, cause i can't stop it" And speaking from experience. If you dislike what others do to you, then why are you doing the same thing to others?

Furthermore, they don't credit the hard work that people put efforts into producing. These administrators there have said that they cannot regulate everything that is posted on their forums. They are not taking the matter seriously, if they did, they would have tried to enforce their staff not to do so, after all, they are the administrators there. For a porn site to make a profit from stuff that don't even belong to them, i hope that scan groups & respectable forums pass on this message to stop supporting their ways of gaining members and money! To other sites similar to Nibonemars Forum, you're just as lowly. For those interested in helping us, please find I RQ-824931

- RQ

Their site <http://www.nibonemars.com/>

MEMBERS THERE, PLEASE STOP
SUPPORTING THEM!

I also encourage scan groups to pass on the message in their releases
